LIMITED PERIOD POWER SUPPLY

Our limited period electrical power is generated from renewable sources. It is a practical option, since it is based on the power supply schedule established by the organiser, and is automatically shut off overnight. An limited power power supply is the perfect solution for equipment that does not need to be powered around the clock.

SLINGS

GETTING YOUR RIGGING RIGHT

Everything that hangs above your stand – trusses, signage and lighting – depends on rigging. Slings are extremely resistant steel cables that can hold up to 80 kg per rigging point.¹ They ensure that your stand looks good from bottom to top.

¹ With some exceptions.

Useful tip:

Regulations governing the various pavilions may limit the performance of slings and halyards. In certain zones, for safety reasons, either the allowable weight is limited to 45 kilos, or there are no rigging points available. For additional information, please contact Exhibitor Services.
